 - For the remaining five games, starting possession alternates and is awarded to the team that did not receive the opening possession in the previous game.
 - The starting possession of each overtime period is determined by a shoot-for-ball.
-

Foul Rules

Calling Fouls

- Players are expected to call their own fouls.
-

Team Fouls (Shooting & Reaching Only)

Definition

- Only the following defensive fouls count toward the team foul total:
 - Shooting fouls
 - Reaching fouls (illegal hand or arm contact that impedes an offensive player)
 - The following do not count toward team fouls:
 - Off-ball fouls
 - Loose-ball fouls
 - Offensive fouls
 - Offensive fouls result in a turnover with a check-up at the top of the key.
-

Team Foul Penalty – Season Games (8-minute halves)

- Each team is allowed up to five (5) team fouls per half.
 - Once a team commits its 5th team foul, it enters the penalty.
 - While in the penalty:
 - The offense is awarded two (2) free throws
 - After the free throws, possession is awarded to the defensive team
 - This applies to every shooting or reaching foul committed while in the penalty.
-

And-One Situations

- If a player makes a basket while being fouled:
 - The basket counts
 - The foul is added to the team foul count
- Before penalty: no free throw is awarded
- In penalty:

- The player is awarded one (1) free throw after the basket
 - After the free throw, possession is awarded to the defensive team
-

Challenges

- Each team is granted one (1) challenge per half.
 - Challenges may only be used on:
 - Shooting foul calls
 - Reaching foul calls
 - Challenges must be initiated immediately after the call and before play resumes.
-

Challenge Review Process (Revised)

- Two referees review the play and make the ruling:
 - If upheld: the foul stands and the challenge is consumed
 - If overturned:
 - The foul is removed from the team foul count
 - Possession is awarded to the defensive team
 - The challenge is retained
-

Challenge Usage

- Each team may use only one (1) challenge per half.
 - If a challenge is successful:
 - The challenge is retained and does not count as used
 - If a challenge is unsuccessful:
 - The challenge is consumed
 - Unused challenges do not carry over to the next half.
-

Possession Rules

- On any foul or out-of-bounds call, the ball is checked at the top of the key.

- If the ball hits the rim or a foul is committed:
 - The shot clock resets to 14 seconds only if the remaining time is below 14
 - If the remaining time is 14 seconds or more, play continues with the existing time
 - If the ball goes out of bounds and possession remains with the same team:
 - The ball is checked up top with the remaining shot clock time
-

Shot Clock

- A 30-second shot clock is in effect for all possessions.
-

Substitutions

- Substitutions may be made on any dead ball.
 - Exceptions are allowed for injury or safety concerns, even if play has not stopped.
-

Half-Time Break

- A 2-minute half-time break is observed between halves.
 - Teams must remain within the playing area.
 - Substitutions may be made freely.
 - Teams may use the break for strategy, hydration, and brief warm-ups.
 - Play resumes promptly with the designated starting possession.
-

Overtime

- If the game is tied at the end of regulation:
 - A 2-minute overtime period is played
 - If still tied, consecutive 1-minute overtime periods are played until a winner is determined
- Team fouls reset at the start of each overtime.
- Challenge usage resets at the start of each overtime period. Each team is granted one (1) challenge per overtime.
- Only shooting fouls and reaching fouls count toward team fouls.
- Penalty thresholds:
 - 2-minute OT → penalty at three (3) team fouls
 - 1-minute OT → penalty at two (2) team fouls

- Once in the penalty:
 - The offense receives two (2) free throws
 - After the free throws, possession is awarded to the defensive team
 - Starting possession goes to the team that had the original starting possession at the beginning of regulation.
-

Match Setup
